THE TAYLOR MILLING & ELEVATOR COMPANY.

Government will not allow Bow Island Natural Gas to be Exported.

Gas Fields Must be Reserved for Local Needs.

The C.P.R. Refuses Right-of-Way.

AS the result of an application made by a natural gas company, of which Mr. William Georgeson is the promoter, to secure a franchise from Moose Jaw, Sask., to supply that town with natural gas, action is being taken by every town in Southern Alberta to prevent if possible, Mr. Georgeson carrying his scheme to completion.

The Georgeson company proposes to lay a main pipe to the city limits of Moose Jaw from the Bow Island natural gas fields, a distance of some 279 miles, and to sell it to the city at the rate of 25 cents per 1000 cubic feet.

The distribution of the gas to the consumers' will probably be undertaken by the city and the additional cost for this will be 10 cents, making the price of gas to the consumer 35 cents per 1000 cubic feet. The company is prepared to start work right away. The same proposition is also being made to Regina.

The matter has been taken up with Premier Sifton, who in conversation with a resident of Medicine Hat, the other day said "he did not believe there was anything in it. In the first place," he said, "the provincial government would give the matter very serious consideration before they would consent to have the pipe lines laid over their road allowances. If this was refused there would be no way that the company or any other company could deliver gas outside the province. I understand that the C.P.R. will not give the company the right to pipe the gas along their right-of-way, and so I don't see how they are going to do anything." The premier said that he had not given the matter much consideration, believing the proposition was not feasible, but he would look into the matter closely.

Medicine Hat Board of Trade Protests.

At a meeting of the Board of Trade at Medicine Hat on Monday night, a resolution was passed to be sent to Ottawa and Edmonton, and other Boards of Trade in Southern Alberta, protesting against the piping of gas out of the province.

Both the "Times" and the "News" of Medicine Hat, are putting up a vigorous kick against the gas being conveyed outside the province. In an editorial, treating with the undertaking of the Georgeson company, the "News" has the following:-

"One great, big, vigorous kick, and more if necessary, should be put up by the people of Alberta against the exportation of natural gas beyond the confines of the province. It is reported in the press that the city of Moose Jaw has closed a deal whereby William Georgeson and his associates of Calgary undertake to pipe gas from the Bow Island field to the limits of Moose Jaw and sell it to the city at twenty-five cents a 1000 feet. The same company proposes to make a similar deal with Regina, and it was said last winter that they proposed to pipe the gas as far east as Winnipeg, supplying all the towns and cities on the route.

"When the matter was made public last winter the house of commons was in session, and W. A. Buchanan, member for this constituency, brought the matter to the attention of the government, and one department shelved the responsibility of dealing with the matter to another, and the minister of the other was away. The provincial authorities said that as the province did not have control of the natural resources of the province, it was clearly a matter for the federal government to deal with. In reply to Mr. Buchanan's questions in the house, this responsibility was acknowledged by the government. The provincial government and the former Medicine Hat representative, Hon. C. R. Mitchell, have taken a definite stand opposing the exportation of gas from the province.

"It is therefore to the federal government that the people of Alberta must look for protection against the exploitation of the Georgeson and Coste outfits, both of whom propose to pipe the gas outside of the province."

"This is a time when all the people of the province should unite to demand protection from these promoters, whatever their political leanings may be. Their policies may cut some figure with the men themselves and their relations with the government, but they should not be considered by the people in the slightest. It is time for public spirited

Rural Municipality of Bow Island.

A meeting of the Council of this Municipality was held on December 9th, and was attended by J. W. Campbell (reeve), Councillors Still and Russell.

Requisitions for money were received from Rockford S.D. No. 2386 for \$1.70; Morning Star, No. 2380, for \$250; and Rosemont No. 2127 for \$150. Rosemont's requisition was granted. Morning Star's grant was cut down to \$100.

Rockford was allowed full amount. The following election expenses were put in and ordered paid if found correct:-

A. F. Werts, returning officer	\$12.00
H. T. Turner, deputy	6.80
Geo. D. Manda, " "	6.00
J. Lindquist, " "	7.00
Roy Foreman, " "	1.00
J. Ross, " "	2.50
J. Clark, " "	6.00

Accounts for house rent were received from W. Schille, Mrs. M. Simpson, Mrs. J. Jacobson, Roy Foreman, J. Ross, Mrs. H. Scott, and J. Clark, each of whom was allowed a sum of \$5.00.

Further accounts were received as follows:

W. J. Currie	\$10.20
P. LaMarsh	30.00
A. F. Werts	7.20
Bank of B.N.A.	70.80
Dr. Peterson	15.00
S. Manda	3.00
Pioneer Lumber Co.	1.70
A. F. Werts, rent	3.00

These were ordered paid if correct. Accounts were also received from J. W. Campbell, meetings and mileage \$8.40.

A. C. Russell, ditto 15.00
J. E. Still, ditto 22.50

Ordered paid.

The secretary was authorized to procure the Increment Assessment Certificate and charge 25c for each certificate issued.

An account of \$180 from Geo. Herbert was ordered paid.

A second meeting of the above Council was held on December 10th. Present: Reeve, J. W. Campbell, Councillors Still, Russell and Burns.

The following school districts were paid the following amounts:-Rockford school district No. 2380 \$192.95; Brewinville S.D. No. 2497 \$148.50; Carnegie S.D. No. 2122 \$121.20.

River School District was paid \$50 and Courtland Hill School \$115.

The following accounts were also ordered to be paid:-Bow Island Review \$34.45; R. Davidson 5.00; J. W. Campbell 16.00; A. F. Werts, stamps 7.25.

Excepting a few letters of minor importance, this was all the business.

Our New Industry.

The promised announcement to be given this week which was made in the last issue of the Review relative to our new industry will have to be postponed for another week. The cuts required for illustrating the buildings, etc., have failed to arrive and consequently reading matter also will be held over.

However, work, we understand, will be commenced next week, and coincident with this we trust to be able to announce in detail full particulars of this industry.

We Must Protest.

When other towns are vigorously protesting against piping Bow Island gas out of the province, it would become us to remain quiescent. True, Bow Island months ago stirred itself when a similar proposition was being brought forward and passed a strong resolution against the proposal, but the matter should not be allowed to remain there. At the next meeting of the Board of Trade the citizens should attend in a body and denounce Mr. Georgeson's proposal in the strongest possible terms. If any advantage is to be derived from Bow Island's large gas fields let it fall to the people of this province.

In every known case where large expense has been incurred in piping gas long distances great loss has been sustained. Investors have heavily, whilst, the originators of the scheme get away with the profit. The supply of gas, too, is exhausted and the duration of the flow greatly diminished.

Short Course School

Department of Agriculture will Instruct Bow Island Farmers.

The department of agriculture has arranged to hold a short course school of a week's duration at Bow Island, from January 20th to 26th, inclusive.

An item of unusual interest in connection with this course will be the exhibit of the world's champion steer, Guineacree Victor II, which swept the board at the International Livestock Exhibition at Chicago, and the loan of which was secured by the Hon. Duncan Marshall.

A study of the methods employed in the feeding and rearing of this animal will in itself prove of great value to students and farmers generally.

The course of instruction will consist of livestock, dairying, agronomy, poultry raising and domestic science.

Four carloads of pure bred stock will be on exhibition. The housing, feeding, hatching and rearing of poultry will also receive attention. Classes in domestic science will be conducted by Miss G. Stiven, graduate of MacDonald Institute, Guelph, Ontario. At each course judging competitions will be held and prizes offered for proficiency.

A Happy Xmas to all our Readers.

Christmas Services at All Saints'.

On Christmas Day there will be a service of Holy Communion at All Saints' Church, Bow Island at 12 o'clock. The priest-in-charge will be celebrating also at 8 a.m. on Christmas Day at St. Luke's, Grassy Lake, and at 10 a.m. at St. Margaret's, Burdett.

On Monday, December 22nd there will be a Christmas Lantern Service for children at All Saints' Church, Bow Island at 7:30 p.m. Pictures will be shown of our Lord's childhood days.

On January 5th the Annual Vestry Meeting of All Saints' Church will be held at the Clergy House at 7:30 p.m. for the passing of church accounts and the election of officers for 1914.

All members of the congregation both ladies and gentlemen are heartily invited to be present.

BOW ISLAND, ALBERTA

(Continued from page 1)

The Lethbridge Board of Trade at a meeting held on Tuesday evening passed a resolution that the matter of preserving the natural gas for the use of the Province be taken up with Premier Sifton.

Winnifred.

Bills are out for a meeting of the members of the agricultural society on December 20th, and all those interested in the welfare of the society should make it a point to be present and help elect a good set of officers.

A. E. Kendall says the C. P. R. is right, but he is not dead sure whether they stand for.

Cheap Products of Colored and

for the sake of three hundred
other Americans, who are ready to
risk life and limb in which white men
would hesitate. The settlement of
this, therefore, is of serious concern
to the nation at large. How would
the colored man survive without
the protection against the chican-
eries of colored men that thrive
in a place which would not keep
the men away?

The Highest Prices of Land in the United States Are in Manufacturing Districts

The highest values are recorded in industrial centres—in the New England States, in the rich Midwest, and in California. In Texas, given over largely to ranching, with few noteworthy home markets, farm values are scarcely more than a third of those claimed for Illinois, Iowa and other States in the "Breadbasket" of the Republic—a section that points triumphantly to its exhibit of acres of manufacturing centres.

The lesson for the Canadian provinces is obvious. The multiplication of industrial centres brings a corresponding rise in farm values. Eastern and western Canada are already leading this from their own experience.

A paper factory costing \$75,000 be erected in Calgary, Alta. Grades of paper and cardboard will be manufactured of straw.

The Emery-Loomis-Mfg. Co., Rockford, Ill., will establish an agricultural implement factory in Hudson, Minn.

A warehouse is being erected at Chatham, N.B., for the Canadian Lumber Company.

Local and General.

H. E. Beattie was a visitor to Foremost on Tuesday.

E. C. Luitke, having bought up all the grain at Foremost, has returned to town.

Jas. Reid visited Medicine Hat for the purpose of proving up on his pre-emption.

E. W. Luckhardt, and Frank Brophy were visitors to the Hat on Thursday.

Frank Sutton's new pool hall on Main Street opened for business on Monday evening last.

Dances will be held in the Carnegie schoolhouse on Monday, December 22nd, and in the town hall, Burdett, on Friday, December 20th.

C. H. Nelson, dentist, will be at the Hotel Myrtle on Monday Tuesday and Wednesday, December 22, 23 and 24. Return dates will be announced later.

Robt. Fairburn, accompanied by his daughter, Mrs. E. Beguin left on Wednesday evening on a visit to friends at Belleville, Ontario.

Dr. Holt, who has been visiting here from Medicine Hat for some months practicing dentistry, paid his last visit this week. He will shortly leave on an extended trip to the West Indies for the benefit of his health.

A meeting of the executive of the Board of Trade will be held this evening to protest against the exporting of gas from Bow Island.

R. Lakenby visited Lethbridge on Monday and returned Tuesday morning with his wife and son. They have taken over the Bow Island Hotel for the winter.

Owing to the non-arrival of regulators it has been impossible as yet to turn the gas into the main, and, consequently, citizens will probably have to wait yet another two or three weeks.

A large number of young people, on Friday last, made up a "surprise" party and invaded the residence of Mr. and Mrs. R. A. S. McLaren. A most delightful evening was spent. Whist was played with avidity until the wee sma' hours, and great interest was maintained throughout.

J. Yeate, accompanied by his nephew, E. R. Kennedy, left Wednesday on a visit to their home at Kingston, Ontario. A large number of friends were present at the depot to witness their departure.

A gang of men, employed by the C.P.R., is engaged this week in erecting a large coal shed west of the depot. Machinery, including twelve large coal buckets, each capable of holding a ton apiece, is also being installed in connection. This is for the purpose of enabling engines to coal more rapidly, up to the present an old freight car having done this duty, which necessitated the employment of quite a number of section men with shovels.

A large number have taken advantage of our Christmas offer of the Bow Island Review and Country Life in Canada and have subscribed. Why not you? This offer remains open until December 31st and will not be extended, so that you have but a very few days in which to make your request. For \$1.50 you get both for one year.

The regular meeting of the Town Council held last evening (Thursday) was the last of the present Council. The occasion was taken advantage of by the Mayor (A. F. Dufange) to express his sincere thanks to the Councilors, the Secretary and Solicitor for their support and assistance during the past two years. He wished the new Council every success during the coming year. Several of the Councilors also made a few remarks, expressing their regret at the departure of the Mayor and commenting upon the amicable way in which they had sat together and the hearty co-operation which had existed between them.

Burdett Man Gets Two Months.

(Lethbridge Herald)
Two months at hard labor was the sentence imposed on C. C. Fielding, of Burdett, at the district court on Saturday by His Honour Judge Jackson, for the theft of certain money which Fielding had been given under direction as retainer's fees. Fielding was tried on a similar charge at Grass Lake, previous to his trial here, was convicted by a Justice of the peace and sentenced to a term of one month. He has been conducting a real estate business at Burdett, and was also a notary public. Judge Jackson recommending that his commission as a notary be revoked.

The very best Christmas Gift you can make yourself, your wife and all the members of your family is a year's subscription to that great paper, The Family Herald and Weekly Star of Montreal. It costs only one dollar and its visit each week will make your household happier than ever before. No home in Canada should be without that great paper during 1914—Every home is worth the money.

The Bow Island Review and the Family Herald will be sent to any address in Canada for \$2.00.

Two Industries Located

More Will Follow.

THE NEWS of Bow Island's "Gusher" Gas Well has spread to all parts of the West, and enquiries have been pouring in, asking for information regarding the price of Property.

The meaning of this is plain---a Boom is about to strike Bow Island, and we therefore advise you to get in while prices are still low.

We have the best in Bow Island \$100 invested now will double your money by the spring? Absolutely sure.

Beattie Brothers,

MAIN STREET - - - BOW ISLAND.

A GREAT THING IS TACT.

Mr. Timkins Discovers This After Discovering a Germ on his Shoe.

"CHILDREN," said Mr. Timkins who had been suddenly moved to deliver a sermon, "be swallowed his soap and ate bread, but," however you run rapidly say anything about soap and bread, as though you hadn't been hit. Talk about something else and you will be all right. That's what we call tact."

Then Mr. Timkins took the Bible to the city. When he came to the latter part of the afternoon he observed that somebody had strewn his favorite golf clubs and all the golf balls over the front yard. Summoning his six-year-old daughter, he said:

"They did not say all day's golf clubs and put them here, where somebody could see them?"

"They," replied Mary with perfect composure, "don't it too bad our ice cream freezer's out of order, 'cause Mary can't make any ice cream? That's gone to the store to get some strawberries."

"They," did you dig up all this dirt knocking those balls around?"

"And Uncle Handolph came and took mother for a ride in his car," continued the six-year-old. "When are we going to have an auto day?"

"Oh, they," said Mr. Timkins, "I want to know about your golf clubs. Did you strew them around here? Will you answer?"

"Well, yes, I did," said the young person. "I was trying to change the subject, 'cause daddy said to me to know that I heard something mean and unpleasant."—Timkins.

The Poor Interview.

Mr. Anna was visiting the city for the first time. She had heard about the beautiful view and white arched balconies as they passed through the park, and when she saw the place, she was so impressed that after the sleeping was over they should come back and see it.

Early in the afternoon they returned and stood on the balcony over the town, watching the city below. Listening to the cry of the harbor as he tried to induce the powers by to patronize the town here.

Anna clutched her aunt's hand tightly as she moved toward the landing and declared vehemently that she did not want to go. Her aunt was puzzled until she noticed the man who was coming.

"Come on, come all," little child around the pond. Only five cents for ladies and cents—children three cents.—Liquorists."

The Painful Moment.

"Bobby," said the lady in the street car severely, "you have been out and give your seat to your brother. Doesn't it pain you to see him reaching for the strap?"

"Not in a minute," said Bobby, "it does at home."—Ladies Home Journal.

New to Her.

"Oh, mamma, look how small a little bit of the corner who had got her eyes on a potato bog for the first time."

"What is it, dear?"

"A funny thing of my with a tomato. Hahah!"—L.H.

Hard Case.

First Lawyer—Here you are having trouble in getting a jury for that automobile case.

Second Lawyer—Yes, we object to everybody who owns a car, and the other side relies on all who don't.—Puck.

An Impression.

"Here," said the salesman, "is the very latest fashion. Isn't it a dream?"

"No," replied Mrs. Jones, "it is a dream, but it is a dream. It is more like a delirium."—Washington Star.

STRICTLY FRESH EGGS

Would Limit Time of Keeping Eggs in Cold Storage

Washington—Production of eggs in the United States has steadily increased during the past four years. The Department of agriculture reports that the production of eggs in 1914 was 1,253,000,000 dozen, which was an increase of 10 per cent over the production of 1913.

At prices the statistics show that 1,350 average fresh eggs in a bushel, which in 1914 was 1,350 cents, in 1913 it was 1,200 cents. Last month they were 1,300 cents.

Department officials expressed the opinion that there should be a national law limiting the time which eggs may be kept in cold storage. They think the present law is too lax.

They said, would put eggs on the market as soon as they are laid. They think the present law is too lax.

They said, would put eggs on the market as soon as they are laid. They think the present law is too lax.

Test for a Fieldglass

Inquiry has been made that the absolute test for a fieldglass is to see what size letters can be read across the street from the window.

MOTHERS

REMEMBER! The element you put on your child's skin gets into the system just as surely as food the child eats. Don't let impure talc and mineral cosmetics (such as many of the cheap cosmetics) get into your child's blood. ZAM-BUK is purely herb. No poisons, no chemicals. Use it always. 50c. Box of All Druggists and Stores.

ZAM-BUK

USE ONLY ZAM-BUK FOR YOUR CHILDREN'S SKIN.
